Where we explain ... "The Physics" behind the Miracles ...

Of Course we plan to offer Courses on Alchemy ... but will be the Lord (in person) to give you the degree of Alchemist.

... We can begin the lesson from Third Edition (out of Market) because soon ... Fourth Edition ...

Two thousand years ago when Christ walked upon the waters of the Sea of Galilee, his demonstration was a manifestation of the natural law of levitation operating within an energy frame-work of cohesion, adhesion, and magnetism—the very principles which make orbital flight possible. The light atoms composing the body of Christ absorbed at will an additional quantity of cosmic rays and spiritual substance whose kinship to physical light made his whole body light, thereby making it as easy for him to walk upon the sea as upon dry land.

His body was purely a ray of light shining upon the waters. The most dazzling conception of all was his ability to transfer this authority over energy to Peter through the power of Peter's own vision of the Christ in radiant, illumined manifestation.

By taking his eyes temporarily from the Christ, however, Peter entered a human fear vibration and vortex which immediately densified his body, causing it to sink partially beneath the raging seas. The comforting hand of Christ, extended in pure love, reunited the alchemical tie; and the flow of spiritual energy through his hand raised Peter once again to safety.

Now ... Modern Physics ... is "very elementary" ... and this is ... because is Empirical ... not exact, but approximate.

High Physics instead is Absolute ...

There are a component which is related to ... control the Atom and the Electron ... using the Mind.

This cannot be performed by anyone ... and to add a term of High Physics ... thru the "Exta" (never is one ... better "Éxtas")

Now ... What is an Exta? ... is an infinitesimal part of the Electron ...

We can say ... The Extas ... creates the Atom ...

Extas ... 1 Gram of Prana has ... 3,000,000 extas.

Therefore this is the School of Sainthood ... but before you walk on the Water ... you to gain a Mastery in Love ... very High (I do not have such Mastery yet ...)

From some point of view ... You need to ... interact with the Extas (and therefore with the ... Atoms) that compose the Water.

Depending of your Love ... that Water will be ... Water in the sense of ... Your feet will move down in the Water ... or ...

... You will walk on the Water ... like on Dry Sands ...

... And Peter did ... say Angel Kryon ... (Listen ... [Shasta 2006](#) ...) ... The Words related to Lord Jesus began at minute: 49:10 ... don't cry ...

Thanks, Dr. Giovanni A. Orlando.
