Greetings in the day of Sabbath ... the Saturn-day ... the day of Old Wisdom ...

Old ... do not means only Old in Age ... I am not ... Old means Old like a Soul ... A spirit that arrive when the Galaxy was young ... I AM one of these and we are not the only one. Very Old ... this means I have lived many lives and did everything can be made ...

Now ... We are here not to talk about me ... but about the Future of Science ... and the distance in Time that separate us from today up to such Magnificent Future.

... and few ... may be no one expect me and the Lords of Heaven ... know how I AM a strong ... in the sense of Faith ... and I have been chosen to belong in a group of Old Souls ... to help and push the Future ... break the Past ... Clean the Old Time ... Purify it ... to open the Door for the coming days ...

Few knows that ... and in Old days where Caracas was a Sacred Place ... not like today is ... with a more clean Time ... I interact with one of my Old Masters ... I mean I assist to what today is called "channelization" ... and the Medium ... first got the benevolent visit of a Master of Mother China ... and then from a Sister from Africa.

I was very young there ... and the Master of China said: "You will invent nothing ... because everything has been invented".

I want ... please you analyze well these Words ... up to the extreme ... Nothing is New.

We all meet in the Past ... may be in the City where you live or in another Wonderful place ... may be Older Arabia of Aladdin ... Do you believe in the Flying Carpet? ...

... Also King Solomon had one ... and the material ... the string were made in Gold ...

Scientist today work and work ... and once ago arrive a man ... called Steve Jobs and invent the Computer ... before where another that invent the Radio ... some claim Marconi invent ... but Tesla said ... Marconi copy him ...

Antonio Meucci ... invent the Telephone ... copied or original ... we cannot deny the Italian Genius ... and not only Italian ... Also French, German, British have impressive Geniality ...

... But ... Do we use the Radio for the first time in History ... to say from Marconi days? ... Nay ... No.

If we back in History 2,000 years ... Well ... we find Israel ... and Lord Jesus talking with the Apostles ... according to standard Calendar ... No Radio was there ...

... But if we back 13,000 years ago ... before the Noah Flood ... Well ... something more

than Radio ... and TV ... and Vehicles were there ... We (Humanity) touch the Apex ... and that Apex ... was called the "Garden".

The Original Garden was in Pacific Area ... called "Lemuria" ... then they move ... and found Atlantis ... at last ... like today ... there was a War for a Stupid Idea ... if people must know what they do ... or not. Lemurians consider fundamental ... to know ... Atlanteans ... consider people must use Technology without to know in exact measure and an "Elite of Technology ... which are also Priests" ... must rule over Population ... like is exactly today.

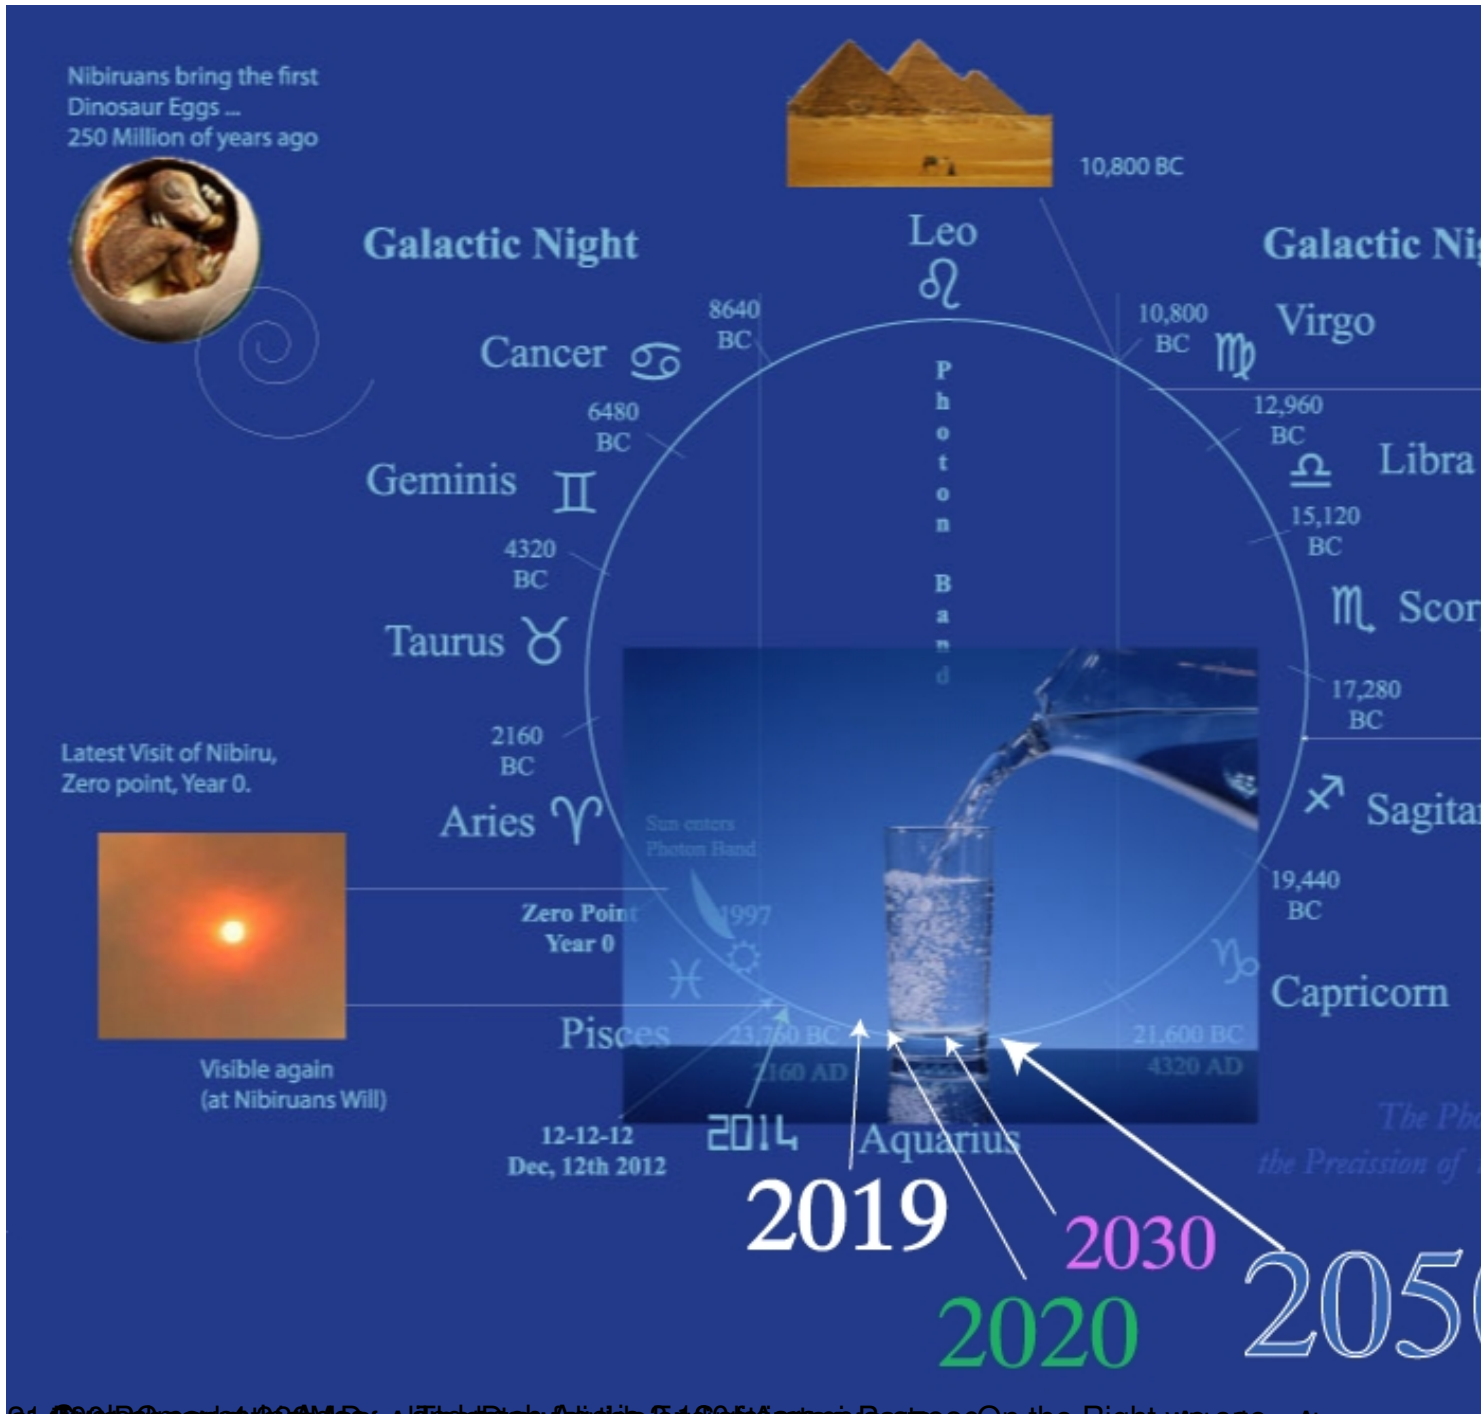

Therefore ... Nothing is new.

What is the Future of Science? ... How is the Future of Science? ... Nothing different of the Garden ... because The Garden was and is the Apex ... or Maximal expression of Humanity in Mind and Control of Nature ...
